**EVENT BENEFICIARIES**

Royal Flying Doctor Service

Australia's most reputable charity, the Royal Flying Doctor Service (RFDS) provides 24/7 emergency aeromedical and essential primary health care services to those who live, work and travel in rural and remote Australia. On a daily basis the RFDS conducts over 100 aeromedical flights of the critically-ill or injured across the country – 15 of these in South Australia every day.

But the RFDS cannot continue its life-saving work for all Australians without the continued support of the community. The RFDS relies on bequests, sponsorships and donations from the community to meet the shortfall in its operational funding and to purchase and medically-equip its ‘flying intensive care units’ – at a cost of more than $7 million each.

The RFDS is the major beneficiary of the OZ Outback Odyssey and will receive a minimum 75% of the net proceeds from the event. The OZ Outback Odyssey Committee and the Entrants involved have a strong passion for supporting remote communities and have over the years supported the RFDS in various fundraisers at local towns and stations.
