Australia’s most reputable charity, the Royal Flying Doctor Service (RFDS) provides 24/7 emergency aeromedical and essential primary health care services to those who live, work and travel in rural and remote Australia. On a daily basis the RFDS conducts over 100 aeromedical flights of the critically-ill or injured across the country – 15 of these in South Australia every day.

But the RFDS cannot continue its life-saving work for all Australians without the continued support of the community. The RFDS relies on bequests, sponsorships and donations from the community to meet the shortfall in its operational funding and to purchase and medically-equip its ‘flying intensive care units’ – at a cost of $7 million each.

The RFDS is the major beneficiary of the OZ Outback Odyssey and will receive a minimum 75% of the net proceeds from the event. The OZ Outback Odyssey Committee and the entrants involved have a strong passion for supporting remote communities and underprivileged individuals. Port Adelaide legend and long-time Odyssey Ambassador, Russell Ebert, is the key driver of all PCL Programs.

• Power Community Youth Programs SA & NT - metropolitan and remote community Schools program in teaching drug awareness, healthy lifestyle and career pathways. Encouraging students to make better decisions and to support their peers.

• Aboriginal Leadership Programs - Delivering education, training and career pathways to underprivileged students.

• PCL will be a part beneficiary of the event.

The Committee has the discretion to make payments to local groups during our event each year. During the 2018 event, a donation of $1,000 was made to the Isolated Children’s Parents Authority Wentworth Branch.
